CONTENTS

JANUARY, No. 1

Medical mission to the Yemen, Southwest Arabia, 1951. I. Geomedical observations. Robert A. Mount 1

Medical mission to the Yemen, Southwest Arabia, 1951. II. A cursory survey of the intestinal protozoa and helminth parasites in the people of the Yemen. Robert E. Kuntz, George M. Malakatis, Deaner K. Lawless and Cloyce P. A. Strome 13

Medical mission to the Yemen, Southwest Arabia, 1951. III. A serological and bacteriological survey. R. A. Mount and J. R. Baranski 20

Epidemiological survey among the Gola tribe in Liberia. Hildrus A. Poindexter 30

The course of the blood-induced *Plasmodium berghei* infection in the meadow mouse *Microtus pennsylvanicus pennsylvanicus* and certain other small rodents. Teresa I. Mercado and G. Robert Coatney 39

The effects of various treatment procedures on the metabolism of *Trypanosoma cruzi* and on its ability to support growth of *Endamoeba histolytica*. Bruce P. Phillips 47

The relative activity of the common sulfonamides against experimental toxoplasmosis in the mouse. Don E. Eyles and Nell Coleman 54

Antibiotics in the treatment of toxoplasmosis. Don E. Eyles and Nell Coleman 64

Response of the Syrian hamster to two strains of rabies street virus by rectal instillation. Reginald L. Reagan, William C. Day, Suzanne Moore, Ellen F. Kehne and Arthur L. Brueckner 70

Yaws on Guam: treatment and environmental considerations. Robert E. Rock 74

Intradermal reactions to schistosome and filaria antigens in patients before and after treatment of the parasitic infections. José Oliver-González 79

Immunity in filariasis of experimental animals. James A. McFadzean 85

Terramycin in schistosomiasis: a trial in six cases. Michael Gelfand and W. D. Alves 95

Xenodiagnostic technic as an aid in diagnosis of trichinosis. J. Walter Beck 97

Persistence of hookworm larvae in soil. Paul C. Beaver 102

The growth stimulating effect of APF, terramycin hydrochloride, vitamin B_{12} and an undetermined factor "X" upon *Aedes aegypti* (L) (Diptera, Culicidae). Roger W. Williams 109

Stingray attacks and their treatment. Bruce W. Halstead and Norman C. Bunker 115

A clinical and pathological analysis of snake bites on the Panama Canal Zone. Donald A. Jutzy, Stanley H. Biber, Norman W. Elton and Earl C. Lowry 129

The L-C treatment of venomous bites or stings. Herbert L. Stahnke 142

Books Received 144

Book reviews: *Médecine Tropicale*, by Vaucel; *International Sanitary Regulations*, W.H.O. Regulations No. 2; *Illustrated Map of the Anopheline Imagines of Indonesia* (English Translation). Ministry of Health of Indonesia 2d edition 144

Membership List 148

MARCH, No. 2

A study of *Endamoeba histolytica* and other intestinal parasites in a rural West Tennessee community. Don E. Eyles, Frances E. Jones and Clinton S. Smith 173

Comparative action of selected amebicidal agents and antibiotics against several species of human intestinal amebae. William Balamuth 191

Drug effects on the metabolism of *Endamoeba histolytica*; *in vitro* and *in vivo* tests of synergism. Mitsuru Nakamura, Arseny K. Hrenoff and Hamilton H. Anderson 206

The effects of erythromycin (Ilotycin, Lilly) against certain parasitic organisms. Max C. McCowen, Maurice E. Callender, John F. Lawlis, Jr. and Milo C. Brandt 212

Comparison of starches used in the culture of *Endamoeba histolytica*, Joseph B. Michaelson, J. N. DeLamater and Lottie Talpis 219

Further studies on the cultivation of the avian malaria parasites. Reginald D. Manwell and Stanley Glenn 227
Continuous propagation of *Plasmodium gallinaceum* in chicken erythrocytes. Charles R. Anderson 234
Chemotherapy of experimental Chagas' disease with thirty antibiotics. Ardzroony Packchanian 243
Experimental chemotherapy of trypanosomiasis. III. Effect of Achromycin against *Trypanosoma equiperdum* and *Trypanosoma cruzi*. R. I. Hewitt, W. S. Wallace, A. R. Gumble, E. R. Gill and J. H. Williams 254
One method for the pure culture of *Trichomonas vaginalis*. M. Magara, E. Amino and E. Yokouti 267
Terramycin treatment of balantidiasis in Honduras. Mark T. Hoekenga 271
Salmonellosis in man and animals in southwest Georgia. William S. Stewart and Thelma DeCapito 273
Improved media for *Vibrio cholerae* and salmonella used in human vaccines. Walter Koch and Deborah Kaplan 279
Studies on intestinal parasitic infections in Cholburi Province (Thailand). Elvio H. Sadun and Suvajra Vajrasthira 286
Acquired resistance to *Schistosoma mansoni* infection in laboratory animals. Louis Olivier and Marvin Schneidermann 298
The effect of a cyanine dye on infections with hookworm and trichuris in man. Enrique Pérez-Santiago, José Oliver-González and Carlos J. Thillet 307
Current status of insecticide resistance in insects of public health importance. A. D. Hess 311
Field investigations on the use of heavy dosages of several chlorinated hydrocarbons as mosquito larvicides. Willis Mathis and Kenneth D. Quarterman 318
Quantitative field studies on a carbon dioxide chemotropism of mosquitoes. W. C. Reeves 325
The relationship of exposure time to the molluscicidal activity of copper sulfate. Donald O. Hoffman and Rizkalla Zakhary 332
Notes on the cat flea in Puerto Rico. Irving Fox 337
Books received 343
Book reviews: *Infektionskrankheiten*, Vol. 1 of *Handbuch der Inneren Medizin*, 4th Edition, edited by Bergmann, Frey and Schwiegk; *Malaria, Basic Principles Briefly Stated*, by Russell; *Comparability of Statistics of Causes of Death According to the Fifth and Sixth Revisions of the International List*, Bulletin of the W.H.O.; *Ground Equipment and Insecticides for Mosquito Control*, edited by Knipling 343

MAY, No. 3

Malaria during the last decade. Martin D. Young 347

SYMPOSIUM ON TOXOPLASMOSIS

Toxoplasmosis: current status and unsolved problems. Introductory remarks. Albert B. Sabin 360
The biology of *Toxoplasma*. Leon Jacobs 365
Host, strain and treatment variation as factors in the pathogenesis of toxoplasmosis. J. K. Frenkel 390
Toxoplasma-like protozoa in chorioretinitis in adults. Helenor Campbell Wilder 417
The clinical manifestations and laboratory diagnosis of toxoplasmosis. Harry A. Feldman 420
The present status of the chemotherapy of toxoplasmosis. Don E. Eyles 429
Imported and indigenous malaria in the United States, 1952. Roy F. Fritz and Justin M. Andrews 445

Duration of activity of Western equine encephalitis neutralizing antibodies in *Aedes nigromaculis* and *Culex tarsalis*. R. P. Scrivani, W. C. Reeves and B. Brookman . . 457
Yellow fever in Bolivia, its history and epidemiology. George Bevier, Nemesio Torres-Muñoz and Jorge Doria-Medina . . 464
Some epidemiological observations on tularemia in California, 1927–1951. Susan A. Simons, Ida May Stevens and William C. Reeves . . 483
Filariasis in American Samoa. III. Studies on chemotherapy against the nonperiodic form of *Wuchereria bancrofti*. G. F. Otto, L. A. Jachowski, Jr. and J. D. Wharton . . 495
Paragonimiasis: failure of Nilodin in therapy and report of one case with urinary tract involvement. Paul P. Weinstein, Louis J. Duman, Gilbert S. Trelawny and James C. Patterson . . 517
Transactions of the American Society of Tropical Medicine and Hygiene. First annual meeting, Galveston, Texas, November 13–15, 1952 . . 524
Minutes of the nineteenth annual business meeting of the American Academy of Tropical Medicine, Galveston, Texas, November 14, 1952 . . 550
Books received . . 552
Book reviews: *Zinsser's Textbook of Bacteriology*, by Smith *et al.*; *Lehrbuch der medizinischen Entomologie*, by Martini; W.H.O. Expert Committee on Insecticides—*Fourth Report*; W.H.O. Expert Committee on Trachoma—*First Report* . . 553

JULY, No. 4

SANITARY ENGINEERING IN THE TROPICS

Financing sanitary works in the tropics—a challenge. Abel Wolman . . 557
Tropical sanitation in Asia—problems and prospects. John M. Henderson . . 565
Some human factors in sanitation programs in Africa. J. W. Wright . . 572
The role of the mechanical engineer in public health. Lawrence B. Hall and S. W. Simmons . . 578

Health aspects of the Community Development Project, rural area, Turrialba, Costa Rica, 1948–51. Nevin S. Scrimshaw, Julio O. Morales, Alfonso Salazar B. and Charles P. Loomis . . 583
An analysis of a memorandum on the diagnosis of amebiasis. M. M. Brooke, Gilbert Otto, Frederick Brady, Ernest C. Faust, Thomas T. Mackie and Harry Most . . 593
The "MIF" stain-preservation technic for the identification of intestinal protozoa. James J. Sapero and Deaner K. Lawless . . 613
Observations on *Plasmodium huffi* Muñiz, Soares, and Batista. Clay G. Huff . . 620
Development of *Plasmodium berghei* in *Anopheles quadrimaculatus*. Edith Darrow Box, Bettie L. Celaya and Wendell D. Gingrich . . 624
Cutaneous leishmaniasis in the Republic of Panama. Carlos Calero M. and Carl M. Johnson . . 628
The first case of highly drug resistant African sleeping sickness treated in the United States of America. Ernst A. H. Friedheim . . 634
Carrión's disease. I. Studies on plants claimed to be reservoirs of *Bartonella bacilliformis*. Arístides Herrer . . 637
Carrión's disease. II. Presence of *Bartonella bacilliformis* in the peripheral blood of patients with the benign form. Arístides Herrer . . 645
Carrión's disease. III. Experimental infection of squirrels. Arístides Herrer . . 650
Histoplasmin and coccidioidin testing in a Philippine tuberculosis hospital. Carlyn Halde and Alejandro C. Reyes . . 655
Study of a residual population of *Anopheles l. labranchiae* Falleroni in the Geremeas Valley, Sardinia. Harold Trapido and Thomas H. G. Aitken . . 658
Sexual isolation in some North American *Anopheles* mosquitoes. Lloyd E. Rozeboom 677
Notes on Iranian mosquitoes. Richard P. Dow . . 683

Natural infection of the tick, *Amblyomma cajennense*, with *Rickettsia rickettsii* in Panama. Enid C. de Rodaniche 696
Schistosomiasis and limnology in the Amazon Region. Harald Sioli 700
A comparison of the dosage-mortality responses of some strains of *Australorbis glabratus* to sodium pentachlorophenate. Walter L. Newton and Willard T. Haskins 708
Results of laboratory screening tests of chemical compounds for molluscicidal activity. M. O. Nolan, Howard W. Bond and Elizabeth R. Mann 716
Books received 753
Book reviews: *Handbook of Tropical Dermatology and Medical Mycology*, Vol. 1, Ed. by R. D. G. Ph. Simons; *BCG Vaccination* by W.H.O. Tuberculosis Research Office, Copenhagen, Monograph Series No. 12; *Atlas of Medical Mycology* by Emma Sadler Moss; *Biologie d'Anopheles gambiae* by M. H. Holstein; *Expert Committee on Hepatitis, First Report*, W.H.O. Technical Report Series No. 62; *Malaria Terminology*, Report of a Drafting Committee, W.H.O. 753

SEPTEMBER, NO. 5

Vectors and reservoirs of virus diseases. K. F. Meyer 757
The effect of pyrimethamine (Daraprim) against *Plasmodium gallinaceum* infections in chicks. Joseph Greenberg, G. Robert Coatney and Helen Louise Trembley 771
Studies in human malaria. XXXII. The protective and therapeutic effects of pyrimethamine (Daraprim) against Chesson strain *vivax* malaria. G. Robert Coatney, A. V. Myatt, Thomas Hernandez, G. M. Jeffery and W. Clark Cooper 777
Studies in human malaria. XXXIII. The toxicity of pyrimethamine (Daraprim) in man. Albert V. Myatt, Thomas Hernandez and G. Robert Coatney 788
Studies in human malaria. XXXIV. Acquired resistance to pyrimethamine (Daraprim) by the Chesson strain of *Plasmodium vivax*. Thomas Hernandez, A. V. Myatt, G. Robert Coatney and G. M. Jeffery 797
Treatment of malaria with oral or intravenous Plaquenil. A preliminary report. Mark T. Hoekenga 805
Chloroquine and chlorguanide as suppressants of malaria in Guatemala. Charles G. Dobrovolny, Weldon C. White and G. Robert Coatney 808
A case of visceral leishmaniasis in Saudi Arabia. M. L. Tarizzo, H. A. Bracken and D. J. Strait 846
Naturally acquired yellow fever in wild monkeys of Costa Rica. Oscar Vargas-Mendez and Norman W. Elton 850
Response of the baby chick to "B" virus (strain No. 1). Reginald L. Reagan and A. L. Brueckner 864
The influence of previous infection of mice with *Schistosoma mansoni* on a challenging infection with the homologous parasite. M. A. Stirewalt 867
The histopathology of experimental schistosomiasis. II. Bisexual infections with *S. mansoni*, *S. japonicum*, and *S. haematobium*. Henry E. Meleney, Jack H. Sandground, Donald V. Moore, Harry Most and Bruce H. Carney 883
The distribution of the snail *Oncomelania nosophora*, intermediate host of *Schistosoma japonicum*, along the Tone river, Japan. L. S. Ritchie, G. W. Hunter, III, K. Nagano and C. Pan 915
Laboratory infection of the agouti, *Dasyprocta aguti*, with *Schistosoma mansoni*. Donald L. Price 926
The infection of *Anopheles quadrimaculatus*, a human malaria vector, with *Plasmodium cathemerium*, an avian malaria parasite. Don W. Micks and Venice McCollum 930
Breeding media of common flies. I. In urban areas. Thomas W. Haines 933
Books received 941
Book reviews: *Monographs in Medicine*, Series I. Ed. by William B. Bean; *Textbook of Virology* by A. J. Rhodes; *Die Parasitischen Würmer des Menschen in Europa* by Bergstermann, Mendheim, Scheid and Schmidt; *A Manual of the Chiggers* by

G. W. Wharton; *Microbial Growth and its Inhibition*, WHO Monograph series No. 10; *Epidemiology and Control of Endemic Syphilis* by E. I. Grin; *Biologisch-Medizinisches Taschenjahrbuch—1953* (Vogel). Hans Haferkamp 942

NOVEMBER, No. 6

Studies in human malaria. XXXI. Comparison of primaquine, isopentaquine, SN-3883, and pamaquine as curative agents against Chesson strain *vivax* malaria. W. Clark Cooper, Albert V. Myatt, Thomas Hernandez, Geoffrey M. Jeffery and G. Robert Coatney 949
Korean *vivax* malaria. I. Natural history and response to chloroquine. Daniel D. Hankey, Ralph Jones, Jr., G. Robert Coatney, Alf S. Alving, Walter G. Coker, Paul L. Garrison and William N. Donovan 958
Korean *vivax* malaria. II. Curative treatment with pamaquine and primaquine. Alf S. Alving, Daniel D. Hankey, G. Robert Coatney, Ralph Jones, Jr., Walter G. Coker, Paul L. Garrison and William N. Donovan 970
Korean *vivax* malaria. III. Curative effect and toxicity of primaquine in doses from 10 to 30 mg. daily. Ralph Jones, Jr., Lawrence S. Jackson, Anthony Di Lorenzo, Ralph L. Marx, Bertram L. Levy, Edward C. Kenny, Marvin Gilbert, Marian N. Johnston and Alf S. Alving 977
Korean *vivax* malaria. IV. Curative effect of 15 milligrams of primaquine daily for 7 days. Anthony Di Lorenzo, Ralph L. Marx, Alf S. Alving and Ralph Jones, Jr. 983
Korean *vivax* malaria. V. Cure of the infection by primaquine administered during long-term latency. G. Robert Coatney, Alf S. Alving, Ralph Jones, Jr., Daniel D. Hankey, Donald H. Robinson, Paul L. Garrison, Walter G. Coker, William N. Donovan, Anthony Di Lorenzo, Ralph L. Marx and Ingalls H. Simmons 985
A clinical study of primaquine, S.N. 13,272, in the treatment of malaria among the Miskito Indians of Nicaragua. A. David Thaeler, Jr., John Arnold and Alf S. Alving 989
A further study of the toxicity of pyrimethamine (Daraprim) in man. A. V. Myatt, G. Robert Coatney, Thomas Hernandez and Herbert W. Burton 1000
Some interactions *in vitro* of *Endamoeba histolytica* and single species of microbial symbionts. Charles W. Rees, Harry D. Baernstein, Lucy V. Reardon and Laura Phillips 1002
Hematologic differentiation of the intramuscular developmental forms of *Trypanosoma cruzi* Chagas. Sherwin F. Wood 1015
The chemotherapeutic efficacy of 2,4-diamino-5-P-chlorophenyl-6-ethylpyrimidine (Daraprim) in experimental toxoplasmosis. William A. Summers 1037
The *in vitro* effect of various antibiotics on *Trichomonas vaginalis*. Harry Seneca and Diane Ides 1045
The use of diethylcarbamazine (Hetrazan or Notezine) in Tahiti as an aid in the control of filariasis. John F. Kessel, Georges C. Thooris and Ben Bambridge 1050
On the growth of *Dirofilaria immitis* in the mosquito. Leo Kartman 1062
Studies on the epidemiology of the human intestinal fluke, *Fasciolopsis buski* (Lankester) in Central Thailand. Elvio H. Sadun and Chetana Maiphoom 1070
Clinical and pathological observations on sixty-five cases of viper bite in Israel. P. Efrati and L. Reif 1085
The distribution of *Anopheles albimanus* in the Caribbean Islands. L. J. Charles and G. Senevet 1109
A note on the presence of *Anopheles albimanus* in Barbados. Lloyd E. Rozeboom 1116
A preliminary analysis of garbage as food for the Norway rat. Martin W. Schein and Holmes Orgain 1117
The reliability of "visual surveys" in evaluating fly densities for community control programs. Sarah F. Welch and Herbert F. Schoof 1131

A rapid permanent-mount stain technic for the diagnosis of the intestinal protozoa. Deaner K. Lawless 1137
Correspondence 1139
Books received 1139
Book reviews: *Survey of Antimalaria Agents. Chemotherapy of Plasmodium gallinaceum infections; toxicity*, by Coatney, Cooper, Eddy and Greenberg; *Human Factors in Air Transportation*, by McFarland; *Amebiasis*, by Anderson, Bostick, and Johnstone; *Modern Concepts of Leprosy*, by Arnold; *Rattenbiologie und Rattenbekämpfung*, by Steiniger; *First Report of the Expert Committee on Influenza*, WHO Technical Report Series 1140
Index 1145

INDEX

A

Achromycin, effect of against *Trypanosoma equiperdum* and *Trypanosoma cruzi*. Experimental chemotherapy of trypanosomiasis, 254

Aedes aegypti (L) (Diptera, Culicidae) growth stimulating effect of APF, terramycin hydrochloride, vitamin B_{12} and an undetermined factor "X" upon, 109

—— *nigromaculis* and *Culex tarsalis*, duration of activity of Western equine encephalitis neutralizing antibodies in, 457

Africa, some human factors in sanitation programs in, 572

African sleeping sickness, highly drug resistant first case treated in United States of America, 634

AITKEN, T. H. G., *see* TRAPIDO, H., 658

ALVES, W. D., *see* GELFAND, M., 95

ALVING, A. S., HANKEY, D. D., COATNEY, G. R., JONES, R. JR., COKER, W. G., GARRISON, P. L. and DONOVAN, W. N., Korean *vivax* malaria. II. Curative treatment with pamaquine and primaquine, 970

——, *see* COATNEY, G. R. *et al.*, 985

——, *see* DI LORENZO, A. *et al.*, 983

——, *see* HANKEY, D. D. *et al.*, 958

——, *see* JONES, R., JR. *et al.*, 977

——, *see* THAELER, A. D. *et al.*, 989

Amazon Region, schistosomiasis and limnology in, 700

Amblyomma cajennense, natural infection of the tick with *Rickettsia rickettsii* in Panama, 696

Amebae, human intestinal, comparative action of selected amebicidal agents and antibiotics against several species of, 191

Amebiasis, an analysis of a memorandum on diagnosis of, 593

Amebicidal agents and antibiotics, selected, comparative action of against several species of human intestinal amebae, 191

American Academy of Tropical Medicine, minutes of the nineteenth annual business meeting of, November 14, 1952, at Galveston, Texas, 550

American Society of Tropical Medicine and Hygiene, membership list, 148

——, transactions of at first annual meeting, November 13–15, 1952, Galveston, Texas, 524

AMINO, E., *see* MAGARA, M. *et al.*, 267

ANDERSON, C. R., Continuous propagation of *Plasmodium gallinaceum* in chicken erythrocytes, 234

ANDERSON, H. H., *see* NAKAMURA, M. *et al.*, 206

ANDREWS, J. M., *see* FRITZ, R. F., 445

Anopheles albimanus, a note on the presence of in Barbados, 1116

——, distribution of in the Caribbean Islands, 1109

Anopheles l. labranchiae Falleroni, study of a residual population of in Geremeas Valley, Sardinia, 658

Anopheles mosquitoes, some North American, sexual isolation in, 677

Anopheles quadrimaculatus, infection of a human malaria vector with *Plasmodium cathemerium*, an avian malaria parasite, 930

——, *Plasmodium berghei* in, development of, 624

Antibiotics, and amebicidal agents, selected, comparative action of against several species of human intestinal amebae, 191

—— in the treatment of toxoplasmosis, 64

——, thirty, chemotherapy of experimental Chagas' disease with, 243

——, various, the *in vitro* effect of on *Trichomonas vaginalis*, 1045

APF, terramycin hydrochloride, vitamin B_{12} and an undetermined factor "X" growth stimulating effect of upon *Aedes aegypti* (L.) (Diptera, Culicidae), 109

Arabia, Southwest, medical mission to the Yemen, 1951. I. Geomedical observations, 1

—, —, —, —. II. A cursory survey of the intestinal protozoa and helminth parasites in the people of the Yemen, 13

—, —, —, —. III. A serological and bacteriological survey, 20

ARNOLD, J., *see* THAELER, A. D. *et al.*, 989

Asia, tropical sanitation in—problems and prospects, 565
Australorbis glabratus, a comparison of the dosage-mortality responses of some strains of to sodium pentachlorophenate, 708

B
